

## *Sylvera Ratings Disclaimer*

14 December 2022

Sylvera Limited ("**Sylvera**") provides ratings and other information relating to carbon credit issuing projects. Sylvera's ratings are indications of the likelihood that the claimed carbon impact of a project is a true representation of its real impact (a "**Rating**"). Sylvera also provides other information, including narrative, analytical and geospatial assessment of, and information relating to, specific aspects of the Rating and project (the "**Content**"). In addition, Sylvera provides analytics products to allow the comparison of portfolios of carbon credits (including by reference to other data, such as greenhouse gas emissions) (the "**Analytics Products**").

Ratings are, and will be construed solely as, a statement of opinion on the carbon impact of a project at a certain point in time, and not statements of current or historical fact, investment or financial advice, endorsements or criticisms of any project, nor recommendations to take or not take a particular action by Sylvera or its directors, employees, contractors, agents or shareholders (collectively, the "**Sylvera Parties**"). Ratings are expressed in relative rank order, which is to say they are ordinal measures of the expected carbon impact and are not predictive of a specific outcome. Ratings do not address any other risk or assessment, including but not limited to market value risk or price volatility, and do not take account of any objectives or requirements of a user of the Rating, Content and/or Analytics Products (a "**User**"). Ratings are the collective work product of Sylvera, and no individual, or group of individuals, is solely responsible for a rating. Ratings are not facts and, therefore, cannot be described as being "accurate" or "inaccurate."

Each User will, with due care, make their own study and evaluation of a project before taking any decisions or actions, and nothing provided by the Sylvera Parties should be a substitute for the exercise of independent judgement, skill and expertise by a User, and will take any investment decision solely at its own risk. Equally, each User is responsible for the conclusions that it draws from any use of the Analytics Products, and acknowledges that, by providing the Analytics Products, Sylvera is not expressing any judgement or opinion, nor providing any advice.

Sylvera adopts all reasonable measures to ensure the information that it relies upon or makes available is of sufficient quality and from sources that Sylvera considers to be reliable and/or independent. Notwithstanding, Sylvera cannot independently verify or validate all of the information used or made available. As a result of the possibility of human, technical and/or other error, all information is provided on an "as is" basis without representation or warranty of any kind, express or implied by the Sylvera Parties. Each User agrees that no oral or written information given by Sylvera Parties in respect of the Content, a Rating or its Analytics Products shall constitute a representation or a warranty. The Sylvera Parties make no guarantee of accuracy, completeness, timeliness, or availability. THE SYLVERA PARTIES EXPRESSLY DISCLAIM ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, FREEDOM FROM BUGS, SOFTWARE ERRORS OR DEFECTS, THAT THE CONTENT OR ANALYTICS PRODUCTS' FUNCTIONING WILL BE UNINTERRUPTED OR THAT THE CONTENT OR ANALYTICS PRODUCTS WILL OPERATE WITH ANY SOFTWARE OR HARDWARE CONFIGURATION. In no event shall a Sylvera Party be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs or losses caused by negligence) in connection with any use of the Ratings, Content or Analytics Products even if advised of the possibility of such damages.

The Content, Ratings and/or Analytics Products may include inaccuracies or typographical errors, and there may be times when the Content, Ratings and/or Analytics Products are unavailable. Sylvera has no obligation to keep the Content, Ratings and/or Analytics Products updated, but Sylvera may make modifications and/or changes to the Content, Ratings and/or Analytics Products at any time, for any reason, and the User assumes the sole risk of making use of / relying on the Content, Rating and/or Analytics Products. The Sylvera Parties shall not be responsible for any errors or omissions (negligent or otherwise).

The Ratings are not intended for use by any person as a benchmark, as that term is defined for regulatory purposes, and must not be used in a way that could result in them being considered a benchmark except with Sylvera's express written agreement.

Sylvera has not consented to being named an “expert” or any similar designation under applicable securities laws.

Sylvera may receive compensation for its Ratings, Content and/or Analytics Products, normally from purchasers of carbon credits or market operators. Sylvera reserves the right to disseminate its opinions and analyses.
